## ANESTHESIA SERVICE LETTER

The anesthesia providers are employed by AGCNY Physicians, PLLC, a professional service corporation engaged in the private practice of anesthesiology. If you choose anesthesia, you will receive a separate bill from AGCNY Physicians, PLLC for services provided to you.

AGCNY Physicians, PLLC does participate with the same insurance carriers as your gastroenterologist. This means we have a contractual relationship to abide by the insurance carriers explanation of benefits (EOB) and will only bill you for the amount indicated by your carrier for your policy including applicable co-pay, coinsurance and/or deductible.

Should we not participate with your insurance carrier; your carrier will be billed as a courtesy. However, you will be responsible for any amount not covered by your policy.

Our billing office will gladly provide you with an estimate for your anesthesia fee or if you have any questions regarding the billing of anesthesia services, please call our office at 362-5281.

Thank you for your consideration in allowing us to participate in your care.
